BRITAIN STILL HOPES ACCORD WITH RUSSIA

Prime Minister Chamberlain Replies To House Question

LONDON, July 19.—Prime Minister Chamberlain declared today he hoped to be able to announce conclusion of a British-French-Russian mutual assistance pact before parliament recesses Aug. 4, but he said "we certainly have not got an agreement yet."

Mr. Chamberlain made his statement in reply to a question in the House of Commons on the Moscow negotiations. He was questioned on the far Eastern situation and on Danzig.

The British and French ambassadors in Moscow had a further meeting with M. Molotov (Soviet foreign commissar) on Monday, said Mr. Chamberlain. "Their report is now being considered by His Majesty's government in consultation with the French government," Hugh Dalton, labor, said. "As we today nearer an agreement as a result of all these instructions and transmissions than we were a week ago."

"We certainly have not got an agreement yet," Mr. Chamberlain replied.

F. C. Watkins, Labor, then asked whether the prime minister anticipated that "the negotiations will be concluded in the time to make an announcement before the House goes."

"I hope so," replied Mr. Chamberlain.

COLLAPSE OF CAGE FREES 2 CIRCUS LIONS

SALEM, Va., July 19.—Collapse of a cage freed two lions during a circus performance and three more than 250 spectators ran into a panic as the beasts wandered about in their mildered night.

Trainers of the Blue Ridge Circus immediately cordoned off the animals but the other remains at large within an athletic stadium, acting some 15 minutes. The lions were relatively peaceful and molested none of the spectators.

Release of the Kings of the Jungle set the crowd stampeding toward the gates. One woman fainted and another was hurt slightly.

W. A. Thorn, director of the observatory, said his two seismographs registered "a quake" at 7:28 p.m. P.M.T. Monday night. Its distance was 450 miles away, he said, probably in the Gulf of Alaska, westerly direction although "with only two seismographs it is hard to determine direction."

There said that since he had not had any reports of damage, the quake apparently was "under the Pacific ocean."

Billie Corbett, 1108 83 street, takes one off in No. 2 in not away another prize exhibit—a hot dog nearly as big as himself. Grand champion Clydesdale "Western Wind," owned by W. MacDonald, Edmonton, shows his points in No. 3, while Pat Orr, Wetaskiwin, and an ice cream cone make a good "rating" shot in No. 4. Presence of hot sulphur springs is indicated by the fact that a small stream which runs into the Kinuso Brook has a strong odor much like that of the Banff Springs and the water is rather warm, instead of cold like most mountain streams.

Letters A Task?
Learn to Write Easily

Your "Duty" Notes Can Charm
Gracious—here it is the 24th! Ann should have written weeks ago, but letters are "so hard!" A shame to put off letters—offend delightful acquaintances—when a few easy rules simplify your "duty."

In congratulatory notes, be prompt, enthusiastic. "We're so thrilled to learn of your new honors. Congratulations—" A bread-and-butter letter? Write at once—and gracious to mention some enjoyable event of your visit. "The picnic supper by the river was such fun."

Writing an invitation? Be definite about time and place: "The Guild is giving an informal tea at the Jumble Shop—Wednesday afternoon, August second, at four o'clock. We hope you can come."

And those oh! so difficult notes of sympathy. Best if you write simply, briefly. "I was shocked to hear the sad news. My thoughts are with you—"

Quickly you can write letters that win friends. Our 32-page booklet has

Looking Them Over

Soccer Invasion
Altitude Helps
Here and There

TONIGHT Vancouver Redials will have to battle the Edmonton Civics in the two-game, total-goal series for the right to advance into the western Canada soccer final against the Winnipeg Irish, Riverview and Civics clash for the first time at Clarke Stadium at 7:30 p.m. Thursday and again Saturday morning. The winner will have Sunday morning the Winnipeg where they tangle with the Irish Monday night. The western final is a best of three affair with the second game on Wednesday.

Edmonton gets no break financially as a result of the D.F.A. in-rolling that the series with R.C. be completed here this week. Bucking the Edmonton Exhibition is a venture that has never brought anything but red ink in the ledger for the sport attempting it. But if the local soccer forces have been robbed of a chance of getting a bit of cash into their efforts, this year's play fast will probably give them an edge over the incoming Vancouver players in physical condition. Bumping up to this altitude from sea level is something that generally leaves the said players gasping for breath after a few minutes, and these athletes as chasing a soccer ball around and around, it is not likely that the local crowd will be as animated when the Saturday evening Edmonton clash begins. The series could be made a two-day three series with a possibility of a third game on Monday when there would be no exhaustion to back, but by Monday the effect of our altitude would be worn off the invaders to make it all part of the game. Vancouver Redials won in R.C. was considerable of an upset. It was generally figured out on the coast that Vancouver St. Andrews were a team to take the domination this year—unless some of the eastern teams had a few of the best players from the west. Vancouver Redials have 16 members who have been in either dominion finals or a major league game.

Tomorrow night's western semi-final at the stadium promises to be the most hot of soccer that has been offered fans here for many years. Edmontonians and exhibition visitors who like a spot of good soccer should be on hand at 7:30 p.m.

In the soccer world, the word "altitude" has a special meaning. It is the word used to describe the physical condition of a player who has been playing at sea level and is now playing at a high altitude.

RUNNING his second race of the season, Achaic Prince smashed the calculations of form betters and tipsters completely at the Exhibition race meet Tuesday afternoon to pave the way for a rousing day double payoff of \$811.60—a fistful of cash that only four lucky punters stuffed into their pockets.

It was in the first race of the day that the unknown Achaic Prince showed his heels to the rest of the field right from the start as another fine crowd of fans gaped in pop-eyed amazement. The three-year-old colt owned by M. Smith of Calgary broke from the starting gate like a bullet, took the lead at the half-way mark and held it to win by half a length after a sensational stretch battle with Silent Gold. Jockey Everett was up.

Achaic Prince was the second longest shot in the eight-horse field. He was owned by M. Smith of Calgary. He was a colt of three years old and was bred in Canada. He was trained by J. H. McArthur.
